

Disney Magic Inaugural Visit to Baie-Comeau

In the early morning hours of Tuesday, September 25th, the Disney Magic cruise ship with its 1750 passengers docked in the port of Baie-Comeau. Since this was its inaugural cruise to Baie-Comeau, a number of secondary students were asked to help out at different venues around town. Students were placed at the welcome centre at Carrefour Maritime, at the commercial centre at Place LaSalle, Elise Ste-Amelie and the Anglican Church of St. Andrew & St. George.

Our students were explicitly asked to help out due to their bilingual capacity. They are able to easily interact with the passengers and local population, switching easily and back and forth between English and French.

In the afternoon, elementary students participated in some of the festivities organized in Parc des pionniers, the main municipal park.
