Subvention pour l'achat de livres au primaire. C'est avec grand plaisir que je vous partage cette bonne nouvelle! Nous avons soumis un projet et reçu une subvention de la MCC (ministre de la Culture et des Communications) pour promouvoir la culture québécoise. Nous concentrons nos achats de livres en français, édités et imprimés au Québec, au niveau du **primaire**.

Les enseignants concernés ont reçu un courriel à cet effet.

ESSB access to CURIO, CAMPUS-NFB and CVE:

MEES bought the licenses for all school boards. ESSB students can access the materials at school without login requirements.

All teachers need to follow the links to register in order to use inside and outside school.

www.nfb.ca/campusQC

For teachers who have already been using it (have registered through LEARN website before), their accounts are the same; there is no need to register again through the link.

Update: ExploreLearning Gizmos & Reflex

- +** The DG table recently decided to not renew the provincial licensing for Reflex.
- +** They also decided they would relicense Gizmos for one more year, subject to re-evaluation at the end of the year. If use of the platform does not increase, it will likely be cancelled next year.
- +** If you would like a Gizmos account (online math and science simulations for grades 3-11), please contact me.
- +** Some teachers have contacted me, wanting continued access to Reflex. School principals will have to decide collectively if they wish to purchase a board license. A quote from the company has been requested. If you want continued access to Reflex, make sure your principal knows.
