

From August 17 to 20, 2025, three passionate FSL teachers and the FSL Consultant had the opportunity to participate in an enriching refresher training course offered by the FSL consultants of the Anglophone School Boards. This event was preceded by virtual training sessions to provide these teachers with support throughout the school year. This professional gathering, held in a friendly setting, helped strengthen teaching skills while promoting networking and collaboration.

A rich and varied program

The training took place over three intensive days, punctuated by dynamic workshops, educational discussions, and moments of collective reflection. Participants explored key themes such as:

- Oral interaction: How to teach it effectively and use it as a tool for feedback.
- Planning in FSL: Pathways to follow for crafting teaching in creative ways.
- Artificial intelligence: An innovative tool for differentiating instruction and supporting planning.
- Children's literature: A powerful vehicle for enhancing vocabulary learning.
- Phonological awareness and writing workshops: Enriching teaching practices in elementary and secondary schools.

Overall, this refresher course in FSL provided a rich and stimulating professional experience that sparked new ideas. What a great way to start the school year with enthusiasm and confidence!
